3 November 1970

MEMORANDUM FOR: Chief, Support Staff, NPIC  
ATTN : Chief, Logistics Branch  
SUBJECT : Request for Additional Telephone Lines

1. The Advanced Technology Branch conducts a great deal of contractual and internal coordination via telephone. At present, we have only three internal lines and a single external line to service the telecom requirements of nineteen ATB personnel (including co-ops and summer interns). Such limited service has proven to be unacceptable, since it is too often the rule, rather than the exception, that calls cannot be made or received for long periods of time due to lines not being available.

2. It is therefore requested that one additional internal line and another external line be provided ATB at the earliest date.
